## Customer Reviews

I wanted a children's book that was a story about waking up in the morning rather than nighttime stories which are in total abundance. Then, I came across this book and had to buy. We literally read this book every morning. Simple prose that elicit wonderful images along with visually textural pictures bring a smile to my son's face :) "The birds in the trees begin to chirp... the squirrel frisks away... the flowers bloom to the morning sun..." This is one of those timeless children's book that will stay on my children's shelf for years to come.

When our baby received books as gifts, 75% of them were bedtime oriented. I wanted to read to her in the mornings when she was most alert. The book shows how all the animals and plants wake up when the sun rises. The text is simple, but not boring. Though she is only a few months old, our baby responds well to the contrasting colors (mostly orangey-reds and greens). Because they are

portrayed as sleeping huddled together, the bunnies and sheep are hard to discern, though. This book offers a brightly illustrated choice to parents and children who want to wake up to books.

The sun rises and beckons the roosters to crow, the birds to fly, the horses to gallop, the squirrel to frisk, the rabbits to leap, run, and nibble. It urges the flowers to open, the bees to buzz, the bugs to creep, and the birds to sing. It is a brand new day and the author calls upon the children to wake up and asks "What will you think? What will you play?" It is a wonderful celebration of the anticipation that each new day brings and a reminder that "This is your day!" We read this book every morning. My daughter loves the bright, bold, vibrant pictures. The illustration style is similar to a quilt or collage. There were some criticisms in other reviews for the illustrations of the sheep. I think it is important to expose children to a multitude of artistic styles. The pictures are not so abstract that you can't tell what they are; they are whimsical. Another great part of our morning is an awesome CD with morning music that I highly recommend! Morning Magic

This is great! The language is flowing, warm, it just wraps around you and wants you to wake up! I'd imagine a child would also feel this way.
