The Best Time Of Day

Synopsis

On this busy little farm, day begins with a loud crow at sunup, and then there are flapjacks to be flipped, cows to be milked, piggies to feed . . . and in the blink of an eye, it's nighttime. This joyful rhyming celebration of everyday life is just right for bedtime.

Customer Reviews

What's your "Best Time of the Day"? For everybody it is a little different. In this cute book, we get to meet the whole farm community, and take a peek at their favorite time of the day. The pictures are brightly colored, and fill the pages, making this book an instant hit. My three-year-old loves this book, and your young reader will too!

Finally...an enjoyable illustrated book written about something other than animals. This wonderfully alliterated book showcases each member of the family at his or her best time of day, connecting them all in a feel-good heart-warming tale, ending with the night time. There are animals in this book for interest, but thank goodness the author highlights what matters most to children--the people around them!

I admit this is a cute book in many ways, but the gender stereotypes are horrible. Every instance of Mabel, the farmer's wife, relates in some way to the kitchen or food. The first time, it shows her favorite time of day being breakfast, the next time she is shown, she sends a note to her farmer husband that reads "Kisses XXX--till supper", and another time she is inviting someone in for dinner. Just a little too stereotypical. Women can do more than cook.
