Customer Reviews

I am writing this review as of the whole Diary of a Minecraft Noob series. It may be rather long. Anyway, someone said that Steve trusted Herobrine and went to the End. Where was THAT in the book?? ?__? I think that this is a great success and can't wait for 8 to come out! (Did they meet Herobrine and go to the End there? They probably did, judging on how Mr. Gold said they would need Eyes of Ender. But what about Herobrine?? Is there some secret sample of book seven or something??) Though I do think you should change Steve's Skin. I mean, he's not as much of a noob that he deserves THAT skin anymore. Also, what inspired the Hook Monster? At first, you described it as purple. Then, you described it as black. I also recognise the Pirate Ship with the Soliders, and I have never been able to find the Mod that adds it. If any of you reviewers have an answer to this, please add it in your review for the next book, as I will be checking them weekly once it comes out. Anyway, bye!-infourai17

hey there, MineFox here how are you doing and where is book 8 you have so many books that people know of but I have read all of them. You are a great book writer and you have just made greifer 2, 303 2, and angry alex 11 and 12 but I think that you could work on minecraft noob a bit more. Your books are good but I just think that you should not do something like 10 books at a time, I mean seriously I have read your FIVE new book that you made THIS WEEK (If you read the uppercase letters you get five this week which is what you did). I think that you should spend more time on minecraft noob. Thanks for reading this and thanks for being awesome. Your helpful minecrafter, MineFox.
