Customer Reviews

My nephew loves Minecraft and anything Minecraft related as long as it is good. We have a tough time finding good Minecraft books though because a lot of authors are more concerned about getting the book out there instead of making the readers happy. That is not the case with this book by "Diary" because it's not just good, it is packed to the brim with entertainment. This is the kind of book you could read multiple times.

chapter 11 Fell Asleepi just fineshed the first page then after that i don't remember much but I fell

asleep and had bad dreams about witches. one was a song called, "Witch Books Are boring". They really are boring! it was my only dream and was 10 seconds long chapter 2 who was it? why do people copy books about witches in minecraft? I think this one was the first one to copy it because I do not trust him/her or whatever you think they are plus if you tell the author my feelings there is a 50% chance for 500\$!

This book is a pretty good book. My only complaint is that maybe Books Kid could make these books longer. Plus maybe you could start putting these books together in those jumbo packs because like that you could read a bunch of books together. If you'd make these adjustments, I'd really like your books more! :) Please make more books, they are awesome!

This book was great. But, This book was a little short. I wish you could know what happens next. Other than that, This book was great. This book was about a witch that dreams of becoming the greatest queen EVER, In all of the world. READ THIS BOOK!

Dear readers, I recommend that you should read this. I am eleven years old and I have thought these type of books were dull, not until I read this book. The writer has an interesting way to express the characters feelings. I think this writer is awesome. Go on! Make more books about this please!!!

Minecraft handbooks say it's a great not ghost but great book and I see how you got it confused by. P.S. Minecraft should have an update that has wizards that throw fireballs and energy blasts, work with witches and open portals that spawn monsters from anywhere in Minecraft and there should be warlocks that work with witches, open the same portal as wizards and throw splash potions at players the splash potions are negative and drink potions with positive bonuses and please tell the creators of Minecraft about my update idea

Great book liked it love Minecraft it was amusing to read liked how much detail there was in it also it should have gone on after the ending
