Customer Reviews

I am really enjoying the Left Behind: The Kids Live-Action audio series. Well-acted and every episode has captured my attention. As an adult, one of the reasons which drew me to the audio series is because LaHaye and Jenkins intertwines the Left Behind universe and its characters together, so if you are reading or listening to the audio series of Left Behind, I highly recommend listening to the Left Behind: The Kids for a little bit more in-depth coverage of recurring characters. In collection 2, the series continues with our four trying to promote the teaching of Christ at their school via the Underground Newspaper. This volume focuses introduction of new characters joining the team and much more with the help of Bruce and Buck. Once you start on the series, you will be hooked! Adults of the "Left Behind" series and enjoying the audio series, I can't emphasize how exciting and also how much I recommend the "Left Behind: The Kids" series.

I am 10 years old and have been reading the "LEFT BEHIND KIDS" books since I was 8. I REALLY REALLY LOVE THEM and CAN'T WAIT FOR THE NEXT ONE TO COME OUT !! I was SOO

EXCITED to get the first "LEFT BEHIND: DRAMATIZED AUDIOBOOK " with books 1-4, and then it took forever for this 2nd one to come out. The first one is AWESOME, and this one is just as GREAT ! I have a couple of unsaved friends,I've told them how GREAT the books are, but they don't like to read, so they won't read them,even when I let them borrow mine. But when they come over, they really like listening to these alot, & they ask alot of questions.They keep asking me if the new/next one came out yet, 'cause they REALLY want to hear what's gonna happen !! The actors are really SUPER GREAT & you feel like your right there!There is NOTHING as INCREDIBLE as THIS !! just can't WAIT until the next "LEFT BEHIND KIDS "audiobook comes out. I sure hope it's soon or I'll go CRAZY!

I read the LEFT BEHIND The Kids series for most of Spring 2000 and I loved them. I stopped at 4 because I kind of lost interest. But in October 2000 I got the first edition of the Drama cassettes. And this year I got the second edition. I am listening to it as I type this review and I will never stop listening. I will buy the 3rd very very soon. Anyway, if you are between the ages of 9 and 15 BUY THEM NOW! The CDs are better because of the enhanced stereo quality. Sounds pass around you, dialogue is heard from different directions, its awesome!

I love how they didn't decide to release a read version, but they released a "LIVE ACTION AUDIO DRAMATIZATION" of the kids books. I am a fan of the first Left Behind (Adult) Live Action Audio (Listen with very enclosing surround sound headphones and you will be blown away by the great sound quality!). I have Left Behind The Kids audio #1 on cassette (the store didn't have the CD yet) and #2 on CD. They are all great. Each disc represents one book. Each release has 4 books. Get this audiobook! Buy them both! Hopefully a movie will come out.

I have the complete series of Left Behind - The Kids, both in cassette and cd. The only exception is volume 2 in the cd I have not been able to get.This is a great series that enables young to teen ages to understand the end times. My grandson has read all the books and enjoyed listening to the tapes. I would greatly recommend this series to all ages. I enjoyed reading and listening to it also.
