Customer Reviews

I am really enjoying the Left Behind: The Kids Live-Action audio series. Well-acted and every episode has captured my attention. As an adult, one of the reasons which drew me to the audio series is because LaHaye and Jenkins intertwines the Left Behind universe and its characters together, so if you are reading or listening to the audio series of Left Behind, I highly recommend listening to the Left Behind: The Kids for a little bit more in-depth coverage of recurring characters. In Volume 5 of this live action audio series, brace yourselves because some beloved characters will not survive in the battle against the GC. The main focus of this volume is Judd and Lionel trying to get back home to the U.S. and Vicki wanting to help a friend of a deceased friend....but is it a trap? A very exciting volume but this volume you will see friends going against friends. Do you risk your life to save others after so many people who helped others were killed by the GC or do you just wait for more reinforcements? An exciting volume and once you listen...you can't wait for audio volume 6!

My children and I sat a listened to this whole set. We started with book one and finished the whole series. The dramatization and sound effects are wonderful. While this story is fictional we loved the

"realness" of the characters, and the wonderful message of salvation through our Lord Jesus Christ. This message is repeated over, and over again with hope for those who choose Christ and despair for those who don't. This is a highly recommended listen.

Left Behind series is an excellent series. One everyone should listen too. If you're not a believer, it will make you believe.

Enjoyed this series and this makes it seem so real and that I am actually there-Amazing! I wish I had the rest of it
