Customer Reviews

For me it is very clever to do that way, it is easier, way cheaper than putting up a billboards or pay for commercial ads. This book is very helpful book for all the businessmen. By reading this book I have learned every basics and advance lever strategies. It is a book on the good marketing practice, with lots of social media examples and helpful instruction to get success in this market. It discusses the different strategies on how to dominate each of the topmost social media like Facebook, YouTube, twitter, LinkedIn, Instagram, and Pinterest including few of the most promising social media websites like Tumblr, Flickr and Snapchat. Everything you need to know about social media is present in this book.

We all know for a fact that nowadays social media plays a very significant role in everyone's life. It's the most fastest way of communicating with other people. Businesses has been established online because of these. A lot of people started earning through social media. And this is the most effective way of marketing one's business. Creating profile is definitely easy. But associating your own website to social media is what I like about this book. You can use it as a bridge for customer to find their way to your Website if you have and it will also give you an analysis how one social site could

help you promote your business and be known to many people. I like this book's idea. It cost less for someone to effectively advertise their business.

I know what is Social Media Marketing and how to improve it Just I need a perfect guideline and I found here. This book will offer you a complete technical advice and get a positive result in increased revenue, I also follow the book is taken thanks to the World Wide market. The authors recommend that in any way be used as the frequency with which they talk about how to go about the setup, explains the different types of social media. This book includes all the information needed in social media marketing. Each of everything, steps are explained here for beginners to expand their business through social media marketing. And it's easy to read and follow.

Social media is one of the most popular now in all source of communications and advertisements in the whole world nowadays. And having this book broader my knowledge on how to use it effectively and accessibility to be seen by netizens. This book offer a complete guidelines to get a positive result and increases revenue. Recommended to businesses and those who are planning too. This book is one of your best way to success.

If you are starting a business and are lost with the every changing world of social media, this is a handy little book to give you an understanding of how things work. It's very short and to the point. You won't get lost in the maze if you follow this through. A good tool to keep on your desk to refer to as you begin the business or brand building process.

For a successful business nowadays, social media is an important factor. This book is perfect for anyone looking to expand their businesses in a professional way. It contains best strategies to grow your social media accounts like Instagram, Facebook, LinkedIn etc. This book includes informative description everything needed social media marketing. Each and every topic described here step by step, so that, even a beginner can grow up their business through social media marketing. If you're an owner of the business or you're just a regular person who maybe wants to dominate social media, you MUST read this book because it will help you in so many ways.

Useless if you want to learn how to actually do anything. I wanted to learn how to post a tweet containing a large picture. Didn't tell me how to do that or anything else. Complete waste of time & money.

If you want to learn how to master and dominate the social media marketing, buy this book! In this book you will learn a lot of useful information and tips on how to master the social media marketing; reading books that contains useful information that we can use into our advantage is always a good thing to do. Brenda did a great job on creating a very informative book like this and I commend her for that. It is indeed a good read and I highly recommend it to all the people who want to learn how to dominate the social media marketing.
