## Customer Reviews

This book is entertaining, but I was a bit confused about why Dora and the other characters look a bit different. It says that it's Dora on the cover (from Nickelodeon), but when comparing it to another Dora book, everything is just a bit different. Don't get me wrong, the content is fine, and my daughter loved it, but there's only one Spanish word in this book compared to the other books (if you're trying to teach your kids Spanish). But at the end, my three-year old didn't notice!

I ordered this in Spanish, got it in English. Sent it back and got another one in English. Too much effort to return a small item and I'll just give the book to Goodwill or something. I think I'll stop getting books from .

This is a wonderful book! I read it in my preschool dance classes. My students have to follow along with Dora as she hops like a bunny, gallops like a horse, and flap their wings like a chicken. It is so

much fun and they love it!

The pages stick out beyond the cardboard cover--which defeats the purpose of having a hard cover book. It seems to be an ongoing manufacturing problem.

I loved the illustrations and my daughter loved the book. Would have received five stars if there had been more Spanish in the book.

My daughter loves this book - I gave it to her after her first recital, we read it often.
