## Customer Reviews

This is a 9 CD collection of live lectures that Hill conducted in Chicago in 1954. It covers the 17 Principles of Personal Achievement (also known as the 17 Keys to Success) over 12 hours. It amazes me that something so wonderful exists and is so inexpensive. I am more amazed by the fact that so few people are aware of it. It is a joy to hear the principles explained in Hill's own voice. I was not fortunate enough to take his classes, but this is the next best thing. This is the best way to

get to know this great man. He was wise, humble and funny. There are thousands of self-help books out in the market and hundreds of self proclaimed "gurus" who have made a living by copying the wisdom in Napoleon Hill's books. As I went through some of those books I realized that there was not much in them that Hill had not already written about. I recommend quality over quantity. Instead of reading through many books, I recommend that you study the following works of Hill and internalize his wisdom: 1. The Think and Grow Rich Action Pack (1937) - I recommend the Action Pack edition, 2. Napoleon Hill's Keys to Success: The 17 Principles of Personal Achievement - this is an excellent guide to his principles, 3. Your Right To Be Rich [Unabridged] - this item. By internalizing, I mean studying in depth - analyzing the ideas, making notes and summaries.
