Synopsis

A massacre in Boston. A tea party. A shot heard around the world. But who was the first casualty of the massacre? How did the tea get to Boston Harbor? What was the Battle of Concord like for a Minute Man? Colonial Comics: New England, 1750-1775 expands the frame of this important period of American history. Unconventional characters come to life, including gravedigging medical students, counterfeiters, female playwrights, instigators of civil disobedience, newspaper editors, college students, rum traders, freemen, and slaves.
