Mark Of Evil (The End)

Synopsis

Mark of Evil is the final chapter in The End Series, with high-tech thrills told against a background of fulfilled prophecy, bringing us one step closer to the reign of the Antichrist and Christ's return. Ethan March, Jimmy Louder, and Rivka Reuban have been left behind in a world that is rapidly coming under the influence of the Antichrist. Technology is being used to control and dominate those who resist the Antichrist's reign of evil, with BID-Tag implants, robotic police units, and drone-bots flying overhead. Each day, as more and more biblical prophecies are fulfilled, Ethan and the others in the Remnant struggle to survive in a world of ever-increasing chaos and desperation. When the forces of evil attempt to use the world's most powerful information system for increasingly sinister purposes and eliminate everyone who gets in their way, it's up to Ethan and the Remnant to subvert their purposes and instead use them for the glory of God.

The first three novels in this series were extraordinary, beginning with Edge of Apocalypse, next Thunder of Heaven, followed by Brink of Chaos, concluding with Mark of Evil. Mark of Evil is a fictional story of what occurs on the earth after believers are taken to heaven, referring to the Rapture. Personally, I haven't made a purposeful point to study end time events, so don't read this book looking for answers. Read the Bible if you desire to understand more of what God has and hasn't revealed about what is to occur before Jesus returns. Mark of Evil lays out the fictional underground church in many nations that has joined the Global Alliance group. The United

States is not one of the participants and is under the leadership of a man named Colliquin whose sole desire is to be The One people look to. Colliquin has hired many workers to reprogram those who have the tag under their skin and also has plans to overtake the internet worldwide. Readers will be able to tell whose side this fictional player works for and it isn't good; in fact, it is downright evil. Ethan March was chosen to head the group Joshua Jordan had founded and operated. He had left behind a series of video messages for his predecessor to lead him through the Tribulation time. The threat on Ethan's life is never-ending and he is always trying to stay one step ahead of the Global Alliance. There are others who desire to advance the kingdom of God as well as those who wish to destroy it completely. Toward the end of the novel, the pace of the action gains speed along with an increase in the level of tension. There are many characters that are operating underneath the radar of the evil one in order to avoid capture and torture.
