The Boxcar Children (Boxcar Children Mysteries)

Synopsis

Henry, Jessie, Violet and Benny, four orphaned brothers and sisters, suddenly appear in a small town. No one knows who these young wanderers are or where they have come from. Frightened to live with a grandfather they have never met, the children make a home for themselves in an abandoned red boxcar they discover in the woods. Henry, the oldest, goes to town to earn money and buy food and supplies. Ambitious and resourceful, the plucky children make a happy life for themselvesâuntil Violet gets too sick for her brothers and sister to care for her.

Age Range: 6 - 9 years

Grade Level: 1 - 4

Customer Reviews

The year was 1959 and I was a 4th grader at Buckeye Elementary, in Buckeye Arizona. It had been my most difficult school year yet, as Mrs. Goodwin was a task master of the highest order and didn't seem to appreciate my wandering imagination, or lack of attention. In short...I was bored. I was sure nothing less than a miracle could make me like her, or my 4th grade class. Well, thankfully miracles do happen. Mrs. Goodwin decided that we were all going to get library cards and trotted us down to the school library. After getting over the initial shock of being around that many books, I got excited by the idea of being able to choose one to read. I don't remember what made me choose the Boxcar Children from all the other books, but it was my first independent reading experience...and it literally changed my life. The story of 3 young orphaned children who survive on their own in an

abandoned boxcar was mesmerizing. I sat on the couch in our living room, unmoved by either hunger...or even the call of nature...because I was so involved in the lives and adventures of these children. It was the first time I found myself transported via the written word to a different time and place...and it was magic! I reread this book again just recently...and to my delight, I still find it wonderful. I defy any child not to find magic in these pages. And because the Boxcar Children is appropriate for either boys, or girls (a rarity these days) it's the perfect book for a parent to read to their children. This is truly a classic...right up there with "Doctor Dolittle", "The Wizard of OZ", or the "Enchanted Garden" and a "must have" for any family's book collection. Don't be surprised if your child can't put it down either and be prepared to read all the other books in the series.
