Customer Reviews

The content was fine for a lighter, run-through list of suggestions, but I felt some of the expanded comments could have been more precise and specific. I can see myself referring to the material for reminders about how to make myself more valuable and useful.

Nice clear, easy to understand. Recommend to all levels !Enjoyed revisiting the basics and 'reminding myself what I'm supposed to do.

Waste of money if you already been an EA for 6 months or longer. Very basic info and nothing helpful inside for me

I don't think this book was worth the money I paid for it.

It's literally a booklet of tips that are commonly found online. Not worth \$10.

This is a great book to either use to get started in this business line or as a good refresher tool if you are an Executive Assistant! It is organized well for an easy read and offers excellent tips. Looking forward to the next addition.
