Customer Reviews

My team leader was sick for the entire week and I suddenly had to take over and I was worried because I'm a better follower and leader. This book gave me the required mindset to go through some serious mission-critical tasks. And it was a success! The business coaching and communication advice was a massive help!

I've always doubted my leadership skills but now that I am already working in the corporate world, one of the skills that will really benefit me is leadership. As the author emphasized it, leaders are made and not born. Therefore, everyone can be a leader. I like this book as it contains steps and strategies which I find worthy to try. The flow of the book is also easily readable and quite comprehensive compare to other books. Overall, this book is great and I would definitely recommend it to my friends and family.

The business leadership skills have been presented in this book and the best way to gain from them is not just reading them but getting involved and begin practicing them will help much. The communication has been very emphasized as a driving factor in the road to building a great team with other vital factors too.

Appreciating the role of good leadership in the progression of any business or company has encouraged to read books on how to uplift my skills and realize new ways of achieving my goals. The book has hinted at the art of Business Coaching and the ways of enhancing proper communication to gain from it.

In leadership listening is important for effective leadership. Note that communication is a two-way process. To be a good leader, you also need to be a good listener. This is important in ensuring that all the opinions of your members are heard. As a result, your members will feel that you value their

role in the process of reaching your goals. One has to pay attention to what is being said, instead of focusing only on what he or she wants to hear.

This book was a good resource and reminder of leadership and its importance. This book offers being the right kind of guide and develops a new leader which superb qualities within the person. This book is great to read from start to end or to pick and choose what skills you need to develop.

Absolutely the most comprehensive leadership book I've ever read. Packed with insightful practical tips for becoming a better leader. This book is about discussing how leaders can get extraordinary things accomplished. The purpose of the book is to tell about the challenging opportunities and practices that can transform leaders'™ visions into successes and how it will help people from all walks of life bring out the leadership within them. This is a must-have for anyone who finds himself in a leadership role or anticipates doing so. Will be re-reading this time and again.

This is a fresh innovative take on the traditional how-to manual, the book combines insider information with research based in neuroscience and behavioural economics, together with interactive training tools to turn practical advice into practiced habits. Witty and conversational, *The Coaching Habit* takes your work--and your workplace--from good to great
