Sizzle And Burn (Arcane Society Series)

Synopsis

Being called creepy can be hard on your self-esteem - even for an attractive, independent woman like Raine Tallentyre. That's what happened when she made the mistake of revealing her paranormal abilities, bringing her most recent romantic relationship to a hasty end. Her aunt Vella, a gifted but troubled soul, told her years ago to keep her talents a secret. And now that poor Aunt Vella - her last blood relative - has died, Raine has resigned herself to a lonely life. But when she journeys to Shelbyville, Washington, to clear out her aunt's house - trying to ignore the locals' comments about the "œwitch" and the "œcrazy lady" - Raine's highly developed sensitivity leads her to a horrifying discovery: a young woman, bound and terrified, in a basement storage locker. The victim has survived, and the culprit is on the loose. Without warning, a new man enters Raine's life - investigator Zack Jones. Surprisingly, Zack isn't repelled by her powers: in fact, he has his own. While Raine hears voices, Zack sees visions, and within hours of their meeting, Raine experiences an intense, thrilling intimacy - mental, emotional, and physical - that she never dared to expect. There's one complication, however: Zack Jones is working for the Arcane Society. This secret organization, dedicated to the study of paranormal phenomena, shattered Raine's family with an act of betrayal long ago, and she's not about to trust them now. As a killer makes her his target, and a cabal of psychic criminals known as Nightshade operates in the shadows surrounding them, Raine and Zack must rely not only on their powerful abilities but on each other as well.

Story brief: The Arcane Society is an organization of humans who have different types of psychic powers and at different strengths. When touching an object, Raine hears voices from the person touching it previously. Zack sees visions when he touches the object. There are some murders taking place related to an evil organization, whose members also have psychic powers. There is also a serial killer who put a victim in the house that Raine just inherited. Zack and Raine together investigate the serial killer and other murders taking place. CAUTION SPOILER: I did not like one part. Raine and Zack had a wonderful evening of sex. They were both single and attracted to each other. The next day she said they were not going to have anymore sex because it was "not smart to mix business with pleasure." I did not understand this or agree with her. They did not work for the same company. She was just a concerned citizen trying to solve a mystery with her psychic gifts. Sexual language: moderate. Number of sex scenes: five. Setting: current day towns in the states of Washington and California. Copyright: 2008. Genre: paranormal romantic suspense. - - - - -
