Most of the minecraft diaries are pretty short, but this book is long and fascinating! If you ask me to choose the top three minecraft diary books, then this series will be included. But I keep wondering how this will end. Or maybe steve might find an end portal. But before that, I think he has to train a lot. Anyway what I wanted to say is ... I love this series. p.s if you haven't got this book, go get it now.

When reading the books, I always anticipate what is coming next! Packed with all of the adventures that you would find playing the game, only in book form! Anyone who loves playing the game will enjoy reading the books. I cant wait until the next book comes out to see what kind of trouble Steve will get into this time. I will be so sad when the series ends, but can't wait until Steve gets home! - Sara R. B.

my name is sebastian s an i loved this book it was a rel page turner. i am so exited for the next one and will buy it soon. this book is a great fit for readers 6 and up and is funny and thrilling for all i would recomend getting this book for sure it is a must have

I am a big fan of the wimpy steve series and it would be an honor if minecraft family read this cause stone axes do 9 attack damage and iron swords do only 6. I'm not saying that minecraft family members are noobs but just sayin. Anyways, I hope you guys enjoyed this book as much as I did. sorry this was so long and I just made it longer by saying that. Bye!

I love this book. It is so cool.Read this book. I really like this series. For ages 6-10. PlESE rate this book after you finish reading.

The moment I started to read this book, I was impressed! It is long, funny, and just plain awesome! If you have not read it yet, GET IT NOW!!!!

Minecrafty Family has done it again! The overall awesomeness of this series is astounding. For all you aspiring fanfiction writers out there, a few tips: 1. Don't write about being trapped in Minecraft. Although it may seem like a good idea, it's not. All the good slots have been taken, and yours will be dismissed as unoriginal. 2. Include pictures. This may seem like a no-brainer, but pics can make or break a book. For extra points, have color pics. 3. Be funny and descriptive. Being funny always gives you good marks, and descriptive sections are major, especially in combat situations. (Miner Bro, I'm talking to you!) Well, I realize that this hasn't really been about the book, so I'll leave a few good points. I love the fact that each world has a new house that's always fun to explore! Also, the charm of Wimpy Steve's animal friends is very sweet! (i.e. Moo) Lastly, Steve is slowly not becoming a noob, although he still remains very focused on food ;). Okay, time to wrap up! Keep calm, stay safe, and mine obsidian carefully! -Cpt. Facepalm

I just read the preview, it's very fascinating! And it's very funny too.
