Customer Reviews

I've been reading through this book slowly (it's a massive book) and I've already learned so much. A lot of the tips in this book are geared towards business owners, but there is a good amount of personal use as well. If you're a small business owner, this is a must have book for you. A lot of the personal tips are commonly known, but there are definitely a large amount of ideas for people in

unique situations. Very well written.

I have been using this book and its predecessor, Tax Loopholes, for 24 years. They have pad for themselves hundredfold each year.

Thank you so much for shipping so quickly. Can't wait to read.
